A LIFETIME OF fun

You will enjoy countless hours of mental and physical relaxation, including gatherings of family and friends, private romantic evening swims, sunset reflections on your own terrace, and those quiet relaxing mornings poolside.

Blue Hawaiian Fiberglass Pools is dedicated to the concept that a pool should have lasting beauty and be easy to maintain without costly repairs. As leaders in the swimming pool manufacturing industry, Blue Hawaiian keeps abreast of new materials and the latest technologies.

Blue Hawaiian Fiberglass Pools are made from state-of-the-art composite technology. Since the first fiberglass products were produced in the mid-‘50s, fiberglass led a quiet revolution in the construction of swimming pools, and has become the choice of today’s swimming pool buyer.

Even today, varying degrees of quality exist in the manufacture of fiberglass pools. Blue Hawaiian Fiberglass Pools is proud of its national recognition for its attention to detail, its use of the finest materials, its composite technology in production, and its staff of dedicated craftspeople – which all adds up to long-term durability, enabling us to offer a limited lifetime warranty on the structure and surface of the pool.

Blue Hawaiian Advantages:
- Multiple Manufacturing Facilities
- Carbon Fiber Reinforcement
- Many Shapes and Sizes
- Premium Finishes
- Fast and Easy Installation
- Limited Lifetime Warranty

SIERRA
A COMMITMENT TO CRAFTSMANSHIP

Your investment in a Blue Hawaiian Fiberglass Pool is enhanced by its long-term durability and the savings in monthly chemical, electric, and maintenance costs.

Blue Hawaiian Fiberglass Pools never need resurfacing, repainting, replastering, or remarciting. The smooth, nonabrasive finish and inert composition help inhibit algae formation. Fiberglass pools also exhibit a superb flexural strength, enabling them to withstand unstable soil conditions and the pressures resulting from excessive changes in temperatures.

Using cutting-edge technologies, Carbon Fiber is strategically infused in Blue Hawaiian Fiberglass Pools to structurally reinforce specific areas.

Carbon Fiber has the highest compressive strength of ALL the reinforcing materials. The same high-strength material found in automobiles, boats, and airplanes is available in our pools!

The color and finish of your pool directly affects its overall appearance. Blue Hawaiian offers a variety of exclusive colored finishes along with standard gel-coats to create a wide range of effects.

NEW for 2016

**Gemstone® G2**

*The Next Generation of Gemstone*

- Majestic Blue
- Caribbean Blue
- Granite
- Pebble Beach

*The Latest Technologies for the Industry’s Leading Finishes*

- Exceptional 3D depth
- Larger, layered gel flakes
- Greater sparkle
- Enhanced gel coats
- Better performance
- Thoroughly field-tested

Due to the nature of photography, raw materials, and printing, variations in color may occur.
Blue Hawaiian leads the industry with its exclusive Extreme Quartz™ color process, the ultimate in colored swimming pool finishes. Extreme Quartz™ gives you a variety of colors to choose from that gives you and your guests the impact of a Sparkling Reflective Light Show, while using your pool light at night or by day under natural lighting conditions.
Tropical Features

With Blue Hawaiian’s tropical water & lighting features, you can custom design your own tropical haven. Choose from cascades, streams, LED lighting, and a tanning ledge to bring your dream pool to life!

Cascades

Streams

LED Lighting

PAL Commander for PAL 2-Wire Lights

PAL ColorTouch for PAL 4-Wire Lights

Both systems fully compatible with PAL Mini accent lights

Tanning Ledge

A new tanning ledge has been added to the Blue Hawaiian line, perfect for lounge chairs, kids’ play area, or shallow water sunbathing. A tanning ledge adds an element of running water and turns the entire pool into a water feature.

Semicircle Tanning Ledge

Ships from FL, IL, LA, NC, TN, WV
Blue Hawaiian offers perimeter and accent inlaid tile in a variety of designs and colors. Along with enhancing your pool’s appearance, adding tile is a great way to emphasize its border and increase the safety of steps and seats.

Automatic Safety Covers
Everyday protection for your family...
at the touch of a button!
Simply flip a switch, and your Coverstar automatic safety cover will create a barrier over your pool that no child or pet can penetrate. Custom-built to fit your pool perfectly and manufactured from best-in-class materials, Coverstar is the best protection available for your family and your pool investment!

Save on heat, water, electricity and chemicals.
A Coverstar acts as passive solar heater, increasing the temperature of your water by 8 to 10 degrees. It also reduces evaporation of water as well as consumption of chemicals. Less time cleaning...more time enjoying!

Solid and Mesh Safety Covers
Safety you can rely on!
Coverstar offers mesh safety covers for maximum drainage and solid safety covers that block 100% of sunlight – in a variety of material weights and colors. All can be custom designed to fit any size or shape pool precisely, including any special features such as raised walls, diving boards, stairs and rails.

We make it strong...to keep your family safe!
The stronger the cover, the safer the cover. Coverstar applies exclusive, patented design and manufacturing innovations to give our mesh and solid safety covers unmatched strength and durability. And, because we build them better, we back them better...with our exclusive 20-year warranty!
Safety Information

IMPORTANT: A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include; but are not limited to:

1. Safety ropes, which should remain in place at all times;
2. “No Diving” signs, which are provided and should be installed in accordance with instructions included on the coping, where they are clearly visible;
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it;
4. Necessary means of exit and entry into the pool;
5. Fencing with a self-latching gate and/or an automatic cover, and other barriers that can assist in preventing unsupervised access to the pool by children;
6. Approved drain covers and other devices to protect against suction entrapment;
7. Minimum required inlets and returns to ensure proper water circulation;
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer’s instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer’s specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as NON-DIVING, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

• ensure that their pool is never used unless there is adequate supervision;
• ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component;
• ensure that ALL CHILDREN using their pool are supervised constantly;
• that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgment does not use the pool;
• ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self-latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool and also available upon request. We must insist that you read each item carefully and follow its instructions.

These are:
- Pool Owners Safety Handbook
- APSP “Sensible Way” Book
- Limited Lifetime Warranty
- “Children Aren’t Waterproof” Book
- “No Diving” Label
- Warning Label
- Use and Care Manual
- Safety Sign Installation / Illustration Sheet
- Signs and Labels

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool. It’s also a good idea to contact your local American Red Cross for available CPR classes and other vital safety programs.

This NOTICE AND DISCLAIMER is made to all retail customers and buyers of Blue Hawaiian Fiberglass Pools in the United States.

You are by this NOTICE advised that Blue Hawaiian Fiberglass Pools are sold by independent dealers and dealerships. Each dealer is an independent business person, who is completely separate from the manufacturer of Blue Hawaiian Fiberglass Pools. Each dealer is an independent contractor, and no dealer is an owner, agent (in fact or law), or employee of Blue Hawaiian Fiberglass Pools, the manufacturer.

Blue Hawaiian Fiberglass Pools, the manufacturer, hereby DISCLAIMS any liability for an intentional or negligent act by any Blue Hawaiian Fiberglass Pools dealer or dealership or any damage to any Blue Hawaiian Fiberglass Pool caused by an act of any dealer or dealership. Blue Hawaiian Fiberglass Pools will not be responsible or liable for any damages caused by any dealer or dealership. Blue Hawaiian Fiberglass Pools, as the manufacturer, offers a separate warranty to all customers and buyers of Blue Hawaiian Fiberglass Pools. That warranty offered by Blue Hawaiian Fiberglass Pools, the manufacturer, is separate and apart from any additional warranty or guarantee offered by any dealer or dealership.

Any statement in any advertisement, literature, brochure, or website should NOT be interpreted or construed to expressly or impliedly create any relationship between Blue Hawaiian Fiberglass Pools and any dealer or dealership contrary to this NOTICE AND DISCLAIMER.
This brochure represents pool finishes as closely as possible. (Due to the nature of photography, raw materials, and printing, variations in color may occur.) Lengths, widths, & depths may vary up to 3%; measurements are to largest section on each side of the outside edge. Blue Hawaiian Fiberglass Pools dealers are independent contractors.
